

What are the benefits

- Internal solution for HP LaserJet MFPs
- Controls users access to the MFPs
- Documents follow users to their choice of MFP
- Tracks users print, copy, scan, e-mail and fax activity
- Recovers print and copy costs by charging users or groups, either fully or partly
- Utilizes existing ID-card infrastructure

HP Easy Select Control Panel with SafeCom Pull Print icon

SafeCom Go HP delivers intelligent printing solutions embedded as software and hardware into HP LaserJet MFPs. SafeCom Go HP can authenticate users by card and/or code before they are allowed to copy, scan, fax and e-mail. SafeCom Go HP can pre-fill e-mail fields.

Through its flexible range of add-on functionality SafeCom Go HP can help organizations gain control over their print and copy costs and wastage. SafeCom Go HP can also enable document security on MFPs. The following add-on functionality is available:

- **SafeCom Tracking**
Monitor print, copy, scan, e-mail and fax usage and use the recorded data for subsequent departmental invoicing.
- **SafeCom Rule Based Printing**
Allow print cost savings by offering management a method for enforcing policies for printing. Rules can be applied to groups of users. Requires SafeCom Tracking.
- **SafeCom Client Billing**
Allow users to associate billing codes with any print, copy, fax, scan and e-mail job. With billing codes it is possible to get a very detailed breakdown of MFP usage and possibly recover these expenses by invoicing clients. Requires SafeCom Tracking.
- **SafeCom Pay**
Turn print and copy costs into a revenue stream by making users prepay for print, copy, scan, e-mail and fax. Requires SafeCom Tracking.
- **SafeCom Pull Print**
Documents follow users to their choice of MFP.
- **SafeCom Encryption**
Protects print data on the network. Requires SafeCom Pull Print.

SafeCom Go HP is compatible with other SafeCom solutions, allowing customers to offer similar functionality across a wide range of devices.

SafeCom G2 Server

SafeCom Go HP includes a SafeCom G2 Advanced Server and SafeCom G2 Web Interface. Requirements are listed below:

Server

Windows 2003 and 2000. SafeCom License key code. Recommended: 1 GHz CPU and 1 GB RAM. 5 GB of free disk space.

Web Interface

Internet Information Service (IIS) version 6.0 or 5.1.

Database

The free Microsoft SQL Desktop Engine (MSDE) is distributed with SafeCom. In a SafeCom Enterprise (multi server) installation the master server must run Microsoft SQL Server on either a Windows Server 2003 or a Windows 2000 Server.

Client

Windows Vista, XP, 2003, 2000, NT 4, 98 and clients running Citrix and Windows Terminal Service. Recommended: 1 GHz CPU and 512 MB RAM. 1 GB of free disk space.

Network protocol

TCP/IP.

HP LaserJet MFPs

The internal SafeCom Go HP is available for the listed networked HP LaserJet MFPs. Users can login by entering an alphanumeric user code. Login by card requires a SafeCom ID Device (card reader).

- M3035 MFP, M4345 MFP
- CM4730 MFP, 4730mfp
- M5035 MFP
- CM6030 MFP, CM6040 MFP
- CM8050 MFP, CM8060 MFP
- M9040 MFP, M9050 MFP

User identification by card with USB connected SafeCom ID Device.

- 4345mfp
- 9040mfp, 9050mfp
- 9500mfp

User identification by card with serial connected SafeCom ID Device and SafeCom Go HP FMC ID Kit. Requires an empty Flash and EIO slot.

- 4100mfp
- 9000mfp, 9000lmfp

User identification by card with serial connected SafeCom ID Device and SafeCom Go HP DIMM ID Kit. Requires an empty DIMM slot and EIO slot.

Printer firmware version and memory requirements are listed on safecom.eu.

SafeCom ID Devices

User identification by card is possible if a SafeCom ID Device (card reader) is connected to the MFP. USB ID Devices can be connected directly, but serial ID devices require a SafeCom Go HP ID Kit.

- Casi-Rusco
- EM Reader (EM41xx, UNIQUE, TITAN, Hitag 1/2/S)
- HID Reader, 35 bit
- HID Reader, 37 bit
- iCLASS Reader
- Indala Reader, 26 bit
- Indala Reader, 29 bit
- IoProx
- Legic Reader
- Mag. Reader, Track 1
- Mag. Reader, Track 2
- Mag. Reader, Track 3
- Mifare Reader
- NEDAP Reader

SafeCom Device Licenses

SafeCom Go HP includes authentication for copy, folder, fax and e-mail. Order one or more of the below device licenses to get additional functionality:

- SafeCom Tracking
 - SafeCom Rule Based Printing
 - SafeCom Client Billing
 - SafeCom Pay
- SafeCom Pull Print
 - SafeCom Encryption

Refer to the corresponding data sheet for details.
